Armenian Black Radish with Sautéed Onions

Great recipe for our fabulous Armenian Black Radish:

Thank you, Tonya!

1 lb black radishes
1 tbsp salt
1.5 tbsp vegetable oil
1 big yellow onion

Peel the radishes and grate. Pour salt over radish. Let stand for an hour. Squeeze out the liquid from the radish and put it on a flat elongated dish. Cut onion and saute in oil, stirring occasionally, over medium heat until golden and crispy.

Put onions over radishes. Enjoy!

NB: you can substitute olive oil for the vegetable oils, and add a kick with Red Bermuda Onion.
